

We're pleased to present your shelter with these handcrafted blankets, designed to comfort animals living in shelters.

Created by: _____

Comfort for Critters is a volunteer program that creates hand-made blankets to comfort animals living in homeless shelters. While these animals await adoption, these blankets provide a comfortable bed year-round. When they are adopted their blanket goes with them, providing something familiar as they adjust to their "forever family".

*** Yarn & fleece donations of any quantity accepted * * Knitters, crocheters & crafters always welcome ***

*** Shelters Supported** - The number of shelters which receive our blankets is always expanding. Please check our website for the most recent listing.

*** Senior Centers Supported** - We also provide free materials, to senior living centers, for use in making these blankets. Please see our website for a list of centers which participate in our program.
