

*Thank you for caring for homeless pets...  
here's something to help!*

Please enjoy these **brand-new, handmade** blankets personally crafted for your group and the pets you care for. They were made by me, a CFC volunteer, as part of our mission to **comfort all the pets we can't adopt** (*but wish we could!*)

As you know, Comfort for Critters is a volunteer program that creates hand-made blankets to comfort animals living in animal shelters or in foster-care. While these animals await adoption, these blankets provide a comfortable bed year-round. When they are adopted their blanket goes with them, providing something familiar as they adjust to their "forever family".

*Your organization has agreed to use these blankets with the pets and then send a blanket home when a pet is adopted. Thank you!*
